About the Trip

Location: Pignon, Haiti
Dates: December 8-16, 2018
Cost: \$1350
Expected group size: 10-12
Trip Number: GB90118

Boots and Ramsay Walker have been involved with volunteer home building programs initially as team members and more recently as team leaders primarily in various parts of Europe, Asia, Africa, and Latin America. With Habitat for Humanity, they led teams most years to Thailand including to Lampang as well as to other countries. In 2016, they led the first Fuller Center teams to Thailand, in Lampang, and have since continued leading teams there in 2017. They have also led Global Builders teams in recent years to Armenia, Peru, India, Sri Lanka, Nepal, Nicaragua, and Bolivia.

We are looking for volunteers of all ages, backgrounds, experience, and interests. There is no requirement for building experience to join this team, only a willingness to work hard, follow directions, be flexible, and have fun. We will be working closely on this build with a family in the Pignon area that has a need for a long-term and safe place to live. We will also have an opportunity to do some sightseeing in and around Pignon.

You are most welcome to contact us by email at walkerteams@gmail.com for more information about this building trip to Haiti starting December 2018.
