DAY 2 ARTS AND CRAFTS LESSON

GOD LOVES THE WORLD

John 3:16
For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life

EL SALVADOR

COLORFUL WORLD

Let's go to El Salvador!

El Salvador is the smallest country in Central America (smaller than the state of Massachusetts), but it has the most people. It's nickname is the "land of volcanoes" and even has a special area called the "cloud forest". Can you guess what animals live there? (spider monkeys, jaguars, anteaters, and green toucans)

Artist Highlight

Fernando Llort's art is simple and brightly colored. He likes to paint animals, flowers, trees, and houses. He has taught many other people how to make Folk Art too!

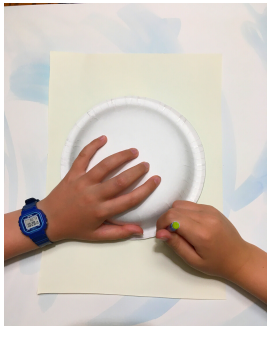
Materials

- 1 sheet of white cardstock
- pencil
- 1 paper plate
- black crayon
- watercolor paint (variety sized brushes, water bowl, paper towel)

COLORFUL WOLRD

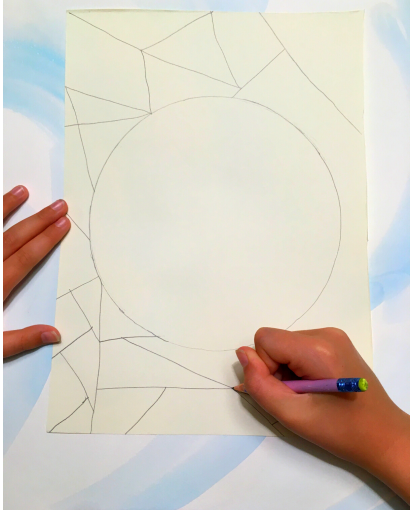
Directions

1. Lay the paper plate in the middle of the white paper and trace the outside edge with their pencil. This will be the World shape.



2. Use the pencil and draw the world's continents.

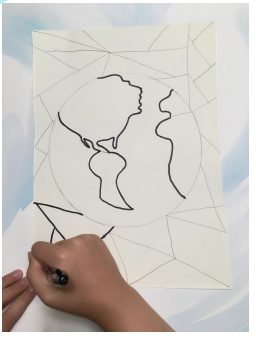
3. Use the pencil and "divide" up the background area into smaller segments.



COLORFUL WOLRD

Directions Continued

4. Use a black crayon to trace all the pencil lines.



5. Use the watercolor paints to fill in all the white areas with solid colors of paint, just like Llort's artwork. No white spaces left! (Tip: trade out the tiny plastic brushes that come inside the paint trays with wider brushes. Painting will go faster and look better) The beautiful unique colors of this painting reminds us that the world is full of beautiful and unique people and places. God loves the whole world!
