Please pray for this special ministry for the Lord to help them and to meet the needs of them and their families.

**UCF Free Medical Clinic**  
Polonnaruwa

The UCF Free Medical Clinic was held in a rural village in Polonnaruwa. It was organized by a group of UCF friends in the village. More than 200 patients received Medicare on this day, most were suffering with various sicknesses including skin ailments. This is a very rural village with almost everyone in the village living a poverty-stricken life. Our medical clinics are an immense relief to them.

The UCF Medical Team, together with other volunteers, has worked hard in helping the needy which is indeed a blessing to all.
**UCF Neboda Ministry**

He works among this community with his wife, sharing the gospel of Christ. The nursery school is also conducted in the same premises, as well as feeding programmes for the children.
